

**REMARKS**

This Rule 312 amendment requests minor changes to the specification on pages 3, 4, and 5. These changes are minor in scope an amount to the correction of typographical and editorial errors. The requested changes do not alter the scope or nature of the claimed subject matter. The entry of the requested changes will not require an additional search. The desirability of these changes was determined upon a review of the application following the receipt of the Notice of Allowance and Issue Fee document of 13 October 2006.

The changes on page 3 of the specification adds a missing space to read "101 and", corrects improper reference to element 126 to properly reference element 123, corrects reference to "mate contacts" to "make contacts", and removes improper reference to extension of speech signals "over path 122".

The change on page 4 of the specification simply corrects "or" to read "of".

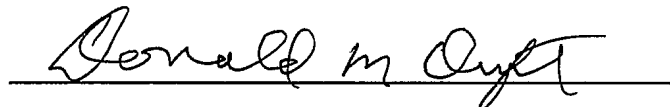

The change on page 5 of the specification corrects the phrase "to answer" to read "answers".

It is respectfully requested that the requested changes be entered into the application under the provision of rule 312 without withdrawing the application from issue. The issue fee has not yet been paid.

The examiner is respectfully requested to call the undersigned if the prosecution of this application can be expedited.

Respectfully submitted,

Date: 19 Oct 2006
